CAMP MAX

For more information, call (510) 494-4344

Maximum challenge, maximum fun! Week I: The campers will plan and develop a kid-friendly attraction, decide what it should look like and create it out of cardboard and other materials. It could be a zoo, a toy factory, an arcade, an interactive museum-whatever ends up being formed and shaped by the campers. Week II and III: For the love of BRICKS: Does your child love bricks? Legos, megablocks and such? We will pack our days with brick-inspired crafts, cooking, science experiments, games...even songs! So much fun to be had! Please bring a lunch. Aqua Adventure Waterpark fieldtrips will be: August 12 and August 19. Bring a snack, lunch, and water. Registrants may enroll in Extended Care at the Central Park Teen Center from 8:00-9:00AM and/or 3:00-6:30PM. See page 38 for more information!

Mini Maker DIY Hack Camp

Ages 7-11

For more information, call (510) 790-5546

As a Maker or a Hacker, young people will have fun learning to 'hack' a solution to a problem or make a fun craft using odds-and-ends of common household objects, duct tape and other fun things. Have you seen the Rube Goldberg contraptions that make something happen? A Rube Goldberg apparatus is a deliberately over-engineered or overdone machine that performs a very simple task in a very complex fashion, usually including a chain reaction. We are going to look at some basic machines and techniques (like an animal trap or a toaster) and figure a way to improve it. Everything will be safe and well thought out as we will engineer that into the solution. Bring a snack, lunch, and water. Registrants may enroll in Extended Care at the Central Park Teen Center from 8:00-9:00AM and/or 3:00-6:30PM. See page 38 for more information!

Hogwart's Academy

Ages 7-12

Are you a fan of Harry Potter? Are you wishing your Hogwarts Admission letter came? Then, this is your chance! Come and enjoy a Harry Potter-themed program with arts and crafts, magical science experiments, quidditch games, and more! This program focuses on the wizarding world of Harry Potter, yet we will do more than having just games that are centered around the popular books and movies. Participants will be broken into different houses, and will have the opportunity to learn about team development. Participants will have the opportunity to gain better public speaking skills, and have the potential to learn about literary concepts (of course in a fun way).

JUNIOR RANGERS

For more information, call (510) 790-5541

Instructed and designed by our very own Central Park Rangers Sandy and Steve and other guest rangers, students will participate in a variety of hands on activities developed to encourage environmental appreciation and safety during any outdoor experience. Curriculum is developed based on the California State Education Standards, with an emphasis on natural science, local history, ecology, bio-diversity, and general outdoor concepts. A must for young, inquiring minds that want to know! Bring a snack, lunch, water, and sunscreen! This camp is located at the Nature Learning Center which is located at the back of the Aqua Adventure Waterpark parking lot. Registrants may enroll in Extended Care at the Central Park Teen Center from 8:00-9:00AM and/or 3:00-6:30PM. See page 38 for more information!

Where the Wild Things Are!

Ages 7-11

OUTDOOR ADVENTURE: This week, the focus is on basic camping skills and outdoor adventures. Students will learn how to set up a tent and shade structure, tie simple knots, wilderness and camping skills, basic fishing skills, and how to read a compass and map. Students will assemble and take home their own survival kit.

Raiders of the Lost Artifact

Ages 6-10

DURING THE ICE AGE, WARM-BLOODED CREATURES ROAMED THE EARTH: Long, long, ago, Sabercats, Woolly Mammoths, Sloths and Camels roamed this land called Fremont! The hills were covered with tall native grasses and wild animals grazed the land while others roamed freely. Imagine that! Discover some of the mysteries and artifacts of the early ice age mammals. Learn to cast "fossils" and make your own imprints with them. We'll take a field trip to Sabercat Historic Park and use our treasure map to find the lost "artifact".

Mighty Dinos

Ages 5-9

For more information, call (510) 790-5546

Has your child informed you that the time difference between when Stegosaurus lived and Tyrannosaurus Rex lived is greater than the time difference between Tyrannosaurus Rex and NOW? Well, it is true! Or does your kid know the names of all of the dinosaurs? Maybe they know what era they were around, what they ate or even their Latin names? This camp will be for the beginning to advanced fans of these amazing and interesting creatures. We will travel through time every day scouting out the various prehistoric eras. Most of the focus will be on the Mesozoic / Jurassic period because that is exciting and fun when it comes games and activities! We will make the classic craft in a shoebox-the dino-rama! By week's end, your child will have made a timeline chart, a diorama, kept a notebook of facts, hunted for a cache of dino eggs and more! Bring a lunch, water, and sunscreen! Registrants may enroll in Extended Care at the Central Park Teen Center from 8:00-9:00AM and/or 3:00-6:30PM. See page 38 for more information!

Ultimate Sports Camp

For more information, call (510) 790-5520

How will your child spend their summer? Have them spend their summer with us. The Ultimate Sports Camp is held at Central Park, which allows us to utilize everything that the park has to offer, to put together a fantastic learning experience for all campers. Ultimate Sports Camp is best suited for beginner to intermediate level campers, but our staff has the necessary experience and training to challenge campers of all ability levels. Staff will teach traditional sports and non-traditional games that improve coordination and cardio fitness. These weeks will include field trips to Fremont Park Golf and Practice Center, Aqua Adventure Water Park and Fremont animal shelter. **FULL DAY CAMPERS:** Bring water, snack & lunch. BBQ lunch will be provided on Friday. Registrants may enroll in Central Park Extended Care from 3:00-6:30PM. **HALF DAY CAMPERS:** Bring water & snack. PM campers will go on field trips to Fremont Animal Shelter, Aqua Adventure Water Park and Lake Elizabeth for Paddle Boats. Registrants for the full day and half day-PM may enroll in Extended Care at the Central Park Teen Center. See page 38 for more information.

Volleyball Camp**Ages 10-15****1-WEEK**

Specialized Volleyball Camps designed for all levels of volleyball. Camps are taught by former Stanford Women's Club head coach, certified club coach, and City of Fremont staff! We have created camps designed around Skills and Drills, Offense/Defense, and Game Day. Skills and Drills will focus on individual development with lots of drills to help perfect the basics. Offense/Defense will focus on team concepts of offensive and defensive strategies. Game Day will incorporate both prior weeks and is tailored to putting it all together in live action games. These one week camps are designed to complement each other, and players are encouraged to register for all three weeks. Players will be divided by experience, age and friendships. Players will review the basics, have sufficient practice time during the camps to make sure they get a chance to perfect these skills, and continue to improve on their individual skill base. Don't wait and sign up today! These camps will fill quickly! There are no extended care options for this camp.

SKATEBOARDING & CODING COMBO CAMPS

Take part in two valuable camps when you enroll in full day camps which combine two fun, back-to-back camps from Code for Fun!. Parents maintain peace-of-mind by dropping children off only once for an extended period of time so students can learn coding and skateboarding. After rocking it with skateboarding, let's use the afternoon time to learn computer science fundamentals and solve puzzles that real engineers solve every day. Don't delay on this fantastic opportunity. See individual descriptions on page 31 for more information. Registrants may enroll in Extended Care at the Central Park Teen Center from 8:00-9:00AM. See page 38 for more information!

City Builders and Planners

Ages 7-11

We will learn about what it takes to build a city from planning to construction-using hands-on methodology we will build a simulation city-this is a basic level activity camp-it is to open the minds of young people to concepts of strategizing, shaping and dreaming of what could be. Whatever ends up being formed and shaped by the campers, it is important to remember is they are learning teamwork, opening up both the right and left sides of their creative and logical brains and having fun at the same time while putting it all together!

Movie Magic

Ages 7-11

The Young Apprentice uses a hands-on integrated approach that blends practical knowledge, arts & crafts, role-playing, guest speakers, and a weekly field trip. In this session, children will learn about the origin of film making in California and around the world (it wasn't all in Hollywood, some of it happened right here!). Find out why Charlie Chaplin is still funny today and how a man with a name like Broncho Billy became the very first cowboy movie star. More importantly, why did they come to Niles to make movies? Campers will venture behind the scenes of motion pictures as they create their own story, characters, script, set, and produce a short film. Bring a lunch. Young Entrepreneurs

Ages 7-11

In Young Entrepreneurs, children gain a deeper understanding and appreciation of how businesses are run and what people do in their everyday jobs. They learn teamwork, marketing, product development and pricing, the value of the dollar, and the gift of charity. During the week, participants create their own business, design a product, devise a marketing plan, and sell the product to the public. All proceeds from the sale go to a charity of the children's collective choice and the Recreation Division scholarship fund.

Ages 5-12

Whether your child loves to build things or destroy them, this week of camp includes lots of both! The junior Mad Science engineers will design and build structures using simple tools and their imaginations. Campers will even construct a geodesic dome big enough for all of them to sit inside. Then the machine madness starts. Children will discover how different machines, simple and complex, are used in our daily lives. Kids will design simple machines using pulleys, wedges, screws and levers and have fun learning how catapults work. We will use the skills we've learned to build a Mad Science robot that we can keep, all while learning the science of robotics. Follow Me Robot

Ages 7-12 NEW!

How would you like to build a robot that has four built-in micro-phones? It will detect the sound source and in turn it will move and turn accordingly. It is your own robot to build and take home. Wow! It starts flashing and plays Do-Re-Me. Make it move the way you want it to move. It is so smart. It will move in its own routine if it does not get a signal in 1 minute. It will go to sleep if you do not issue any commands in 90 seconds. However, you can wake it up. Learn about the different gears and sensors as you build it. Get to build other robots working in groups. Join in our Sumo wrestling and obstacle course events with what you have built. See everything happening as you build. That's the Scien-sational way!

Electronic Lab Workshop

Ages 7-12 NEW!

30 different projects and experiments are built with your own electronic kit to keep in this hands-on workshop. The Science Electronics Lab will stimulate kids' minds by using easy to understand experiments to increase their knowledge of electronics. Science project ideas will come alive as they build the 30 projects while working with Electronic Circuits. The electronics kit is reusable. Have fun designing your own projects once you've built all 30. Kids can proceed at their own pace. Each participant will keep: an 80 page manual, 1 solderless circuit board, 12 resistors, 2 capacitors, 2 light-emitting diodes, 2 transistors, 1 battery snap, 1 diode, 1 speaker, 1 timer, 1 photocell, 1 rectifier, 1 potentiometer, and 1 switch. Learn the ins and outs of how they work. Kids will be grouped by age.

Make It & Take It Home

Ages 6-11

Science Projects you take home—that teach—that are fun. In this hands-on, fun, and exciting program, you will discover how amazing science is. You will make and take home a wide assortment of toys designed to teach you science concepts in a hands-on way. Grow and take home a crystal tree. Make an energy bead bracelet and watch as those amazing beads turn from white to a rainbow of colors before your eyes. Build a working electric motor. Make your own sharpie pen T-shirt and learn some cool chemistry (student supplies a 100% cotton T-shirt). Make your own bubbling blobs and explore the properties of a density tube. Make silly putty—glowing goo—green flubber and other cool projects. By the way...we will make ice cream in our own amazing, different, Scien-sational way!

Hover Craft - Design Your

Own Vehicle - Egg Drop Car! Ages 6-11 NEW!

Do you want to design and build things that you create- not just a model you purchase? Well this is the place for you. Build and keep an air powered Hover Craft. You make it defy gravity. Once it's up and moving, then using your creativity, control its direction. Get to build and take home your own car. The purpose is to build a super car powered by more than one source of energy. This can be one crazy looking vehicle. We provide you with many materials for that dynamic vehicle that you will build. Also get to build a Egg Drop Car. The purpose is to build a gravity vehicle that can cushion a raw egg as the car holding the egg is dropped from a high height. We provide you with the material to cushion the fall. You have to be creative. In these three challenges in one workshop, you will learn about Laws of Motion, Energy, Air Pressure, Friction, Lift, Speed and Acceleration. You are never too young to learn and have fun in a Scien-sational hands on way.

Prospectors Mystery Rock

Ages 6-11 NEW!

You are going to be a Prospector (you know those people who were always looking for gold). In this workshop you will get to excavate for valuable gems, fascinating rocks, and some ancient fossils. All are yours to keep. What hidden wonders will you find? The identities of the 10 specimens found in your Mystery Rock have been kept a secret from you. You will experience the thrill of discovery, much as prospectors did. You will be able to identify each one. Your specimens are in a hard clay material the same as prospectors found. You will have to get them out without breaking or scratching them. That's not that easy. You will get an excavation tool, specimen brush, log book, sorting trays and labels. You will, as a Prospector, record the color, both wet and dry texture, and its ability to float for each of the 10 specimens you dig out. Make an educated guess with our help to whether each one is a rock, gem, or fossil. See how good you are. You will learn from us the exact name and classification. We give you hands-on science...Prospectors style - fun - educational - exciting!

Around the World & Intro to Computer Science

Ages 5-11

'Children Around the World' aims to bring awareness of the different countries, people, cultures and traditions around the world through games, cooking, songs/dance, and arts/crafts to the children and help children to appreciate, listen, understand and speak comfortably in front of audience. The different countries will be introduced in the sessions. 'Intro to Computer Science' aims to bring the well-known, fun, and game-like curriculum to our Gr K-6 students, and to motivate students to learn computer science to improve real world relationships, connections, and life. Laptop will be provided for every student. Material fee of \$40 due at first class.

Note: Each session is two weeks.

REGISTER TODAY!

'In technology, the only limit you have is your imagination.' In 2020, colleges are expected to graduate only 13% of the computer science engineers that will be needed on the job market. Exposing students earlier to programming increases their chance by 30% to continue in this field later on in their studies, and to get one of the most amazing jobs that will be available. If your child is inquisitive about technology, Code for fun gives an opportunity to feed his or her interest while having fun through discover that computer science is an awesome opportunity to create and influence others. And just look at the educational and yet so-much-fun camps we are offering this summer! Our instructors make it fun, interactive and help students build character strengths along the way to become good engineers. Registrants may enroll in Extended Care at the Central Park Teen Center from 8:00-9:00AM and/or 3:00-6:30PM. See page ## for more information!

Bootstrap (Game Design) Ages 11-15

MATH + CODING = YOUR OWN GAME. If you have done some block programming and are ready to try real coding, this program is for you! However, no previous coding experience is required. Bootstrap teaches algebraic and geometry concepts through computer programming (Racket Code). At the end of the camp, students have a complete workbook filled with word problems, notes and math challenges, as well as a video game of their own design, which they can share with friends and family. Students will also learn image editing in order to personalize their characters in the game. This class is specifically designed for students who enjoy problem solving, math and creating games. We also balance the time with other activities related to computer science that we can do outside (race coding) so the students have some off-screen time.

Parents maintain peace-of-mind by dropping children off only once for an extended period of time so students can learn coding and skateboarding. After rocking it with skateboarding, let's use the afternoon time to learn computer science fundamentals and solve puzzles that real engineers solve every day. Don't delay on this fantastic opportunity. See individual descriptions below for more information.

Creative Chefs Cooking Camp

Ages 8-14*

Each Chef-in-Training receives his/her own special apron to personalize and will design their own set of placemats! This camp favorite is an intensive and focused cooking camp for budding chefs. Each child receives special personal attention in a small-class environment (max. 8). Through lots of hands-on experiences, participants will learn great kitchen skills: how to follow directions, measure, and mix; and will be able to share what they learned at home. At times, campers will work in groups to understand the importance of working together and the importance of collaboration. Kitchen and serving manners and etiquette will also be stressed. Please let instructor know of any food allergies. Camps include repeat material-register for only one camp.

Culinary & Fine Arts Camp

Ages 9-14

The Culinary and Fine Arts Camp offers a well-rounded week of the arts. During the culinary segment, campers are provided the premier opportunity to create through baking, steaming, stirring, and sautéing their way to the top with some great culinary recipes! Under the instruction of our culinary counselor, campers will only be limited by their own imagination. Campers will segue throughout the day into the fine arts portion of camp as we see campers unleash their inner artist. Each week has a different art focus. At the end of the week campers will have their incredible creations to take home! Our talented instructors will guide your child every step of the way as they express themselves in the creative process. We focus on a culinary and fine arts every day to expand our horizons and give a chance to discover new experiences. Who knows-campers might find a new favorite art form! Registrants for the Teen Center location will visit Aqua Adventure on Wednesdays and sketch their experience on the next day! Registrants in the TNC location may enroll in Extended Care at the Central Park Teen Center from 8:00-9:00AM and/or 3:00-6:30PM. See page 38 for more information! There are no extended care options for the CCC location.

Youth Digital Photography & MORE Camp

Ages 9-14

We are offering a week of fun-filled learning! Campers will work on their photography and camera techniques learning all sorts of fun photography tips and tricks, interacting with other shutterbugs, and learning how to improve picture taking with a digital camera. We will be focusing on understanding your camera and how it works, exploring your camera's shooting modes and settings, operating antique apertures and shutter speeds to understand the latest tools, exploring your camera's focus mode and focus areas, and experimenting with lighting and flashes. Each attendee must have access to a functional digital camera. Nothing too fancy, but we recommend a point and shoot camera with some manual capability to maximize the photography experience. Instructor will make his best effort to monitor the careful use and safekeeping of all cameras, but some risk remains.

For more information, call (510) 791-4351

It's a Cultural Combo Camp! Come experience a little bit of Hawaii and a little bit of Africa right here in Fremont. Let's get back to the basic traditional Hula dancing. Campers will learn some basic foot-work such as the Kaholo, Ka'ō, and the Ami. The African Drumming portion will incorporate an absolutely fun and jamming drumming that will teach Campers to play African and Latin rhythms on Djembe, Doumbek and Latin Drums along with other percussion instruments such as cowbells, double bells, claves and shekeres. There is more! On the last day of camp, the Campers will put on a show for family and friends to come enjoy! What a World experience the Campers will have! Bring 2 drinks, water, a snack, a lunch, and a fun attitude each day to camp. Sign up early to guarantee a space! See you there!
